

Monthly Litter Pilgrimage

We all know that plastic can look nice when it's new, but it sure looks ugly when it's old. And that ugliness is a sign of its harmful environmental impacts. The plastic deteriorates and contaminates the ground, water, and wildlife.

What can we do?

- avoid using single-serve disposable plastic
- collect plastic and other waste from the ground in our neighborhood

Saturday, August 12, 2023: 10-11:30am

Meet at Fulton Rd & Vega Ave
(at the I-90 overpass)

The St. Pat's Creation Care Team is organizing this monthly litter walk. We gather for a short prayer, then pick up trash and recyclables on neighborhood streets, and close in prayer at 11:30. Volunteers can choose a specific area to work in pairs, alone, or in small groups. Bring work gloves. Bags provided.

West Side Creation Care Team

creating a culture of love and care for God's creation

WestSideCreationCare@gmail.com

All of us can cooperate as instruments of God for the care of creation, each according to his or her own culture, experience, involvements, and talents.

—Pope Francis, *Laudato Si'*: On Care for Our Common Home, par.
