St. Patrick Parish

St. Patrick and St. Malachi Collaborative A Path Forward – Together

Introduction

Since July 2023, the parishes of St. Patrick and St. Malachi have been actively engaged in a strategic planning process. We explored a way of moving forward with Bishop Malesic's vision that St. Malachi become an Oratory with St. Patrick serving as the sponsoring Parish. This process, while long and detailed, invited parishioners' input as well as their personal involvement over the past 12 months.

The Collaboration Steering Committee (CSC) formed in the fall of 2023, consisting of members from both parishes, has provided the leadership for this process under the guidance of our consultant, Rosie Dolan Baker.

Thanking the members of our eight Collaboration Working Groups (WG) and receiving important input from the members of our Parish Councils, Finance Councils, and other groups involved with the physical care of our campuses, the Collaboration Steering Committee has recommended decisions for moving forward. These decisions were made through a process of consensus at our August 10, 2024 meeting which included the CSC and staff members from both parishes.

Please keep in mind that all recommendations proposed by our Working Groups may not be reflected, or their suggestions for implementation may have been adjusted for the following reasons:

1. If a recommendation from one Working Group was at odds with another Working Group, a decision was made based on practicality, timing, and/or parishioner feedback.
2. If a Working Group's recommendation exceeded its initial scope of responsibility, the recommendation may have been reassigned to another category or suspended for the time being.
3. Some recommendations of a Working Group intersect with another Working Group or Groups and need to be explored further.

It is important to note that all recommendations – along with feedback from our consultative groups and parishioners – have been carefully weighed when making these proposed decisions.

The Collaboration Steering Committee recognized that some parishioners may feel that several decisions are too general or not timely enough. Our rationale is that some recommendations need to be studied by those who provide expertise/leadership in these areas. This especially pertains to budget, finances, facilities, and advancement.

To successfully implement these decisions, trust and time are essential. While some are for immediate implementation, others will need to be managed through careful planning so that the goals of our collaboration are honored.

These goals include the preservation of our unique and rich histories while strengthening our desire for vibrant Worship, Faith Formation and Spiritual Development, and living out our call of Missionary Discipleship as we support one another and care for the poor on Cleveland's Near West Side. We believe that the decisions offered will support these goals.

With gratitude to the parishioners of St. Patrick and St. Malachi, we offer the following results as we move forward – together.

Sincerely yours in Christ,

Recommended Decisions for the Collaborative Process

1. Strategic Alignment – Vision and Building Common Culture

Proposed Title: *St. Patrick Parish and St. Malachi Oratory: Unique and United*
Nickname: “The Collaborative”

St. Patrick Parish and St. Malachi Oratory will function as one, cohesive body while honoring each entity’s rich history and strong identity. Together, we will contribute to our vibrant and sustainable Catholic Church, rooted in the Eucharist, inspired by the Holy Spirit, and serving as the heart and hands of Christ on the Near West Side of Cleveland.

Immediate (Fall, 2024)

- A. Evangelization, Hospitality, and Outreach are a core part of our culture.
- B. We embrace the definition of the term “oratory” as “a place for **worship with a specific mission.**” Our oratory will maintain regular weekly liturgies. Back Door Ministry, Monday Night Meal, and Saturday Morning Breakfast remain on the St. Malachi campus.
- C. Administration/Pastoral Leadership Staff are located at St. Patrick except for our Oratory Campus Operations Coordinator and supporting secretary/receptionist. The Coordinator and Secretary are members of the full staff.
- D. While presently remaining separate, Pastoral Councils and Finance Councils will begin the process of coming together during 2024-2025 session. They will start meeting together in January to form new Councils for July 1, 2025. We will establish a special PC and FC committee to draft new by-laws.
- E. All Pastoral Council and Finance Council meetings will move to Tuesday evenings to accommodate earlier meeting times and occasional joint group scheduling (6pm – with the possibility of a light supper, 6:30pm meeting start time).
- F. A letter to Bishop Malesic seeking declaration of new status and relationship will be delivered in September 2024 and includes:

 - b. Update/redefine parish territory to accommodate new reality.
 - c. Outline new model of pastoral leadership for both.
- G. Establish a joint Facilities Commission to assess feasibility and recommendations for each building. Plan should be proposed by Spring 2025 and recommendations begin to be implemented by July 1, 2026.
- H. Plan a “Coming Together” celebration once Bishop’s declaration is made.

Longer Range (Spring, 2025)

- I. Establish an Organization Chart to represent commissions, committees, and staff.

Establish joint “Faith Formation Commission,” “Ministries of Charity and Social Action Commission,” “Worship Commission,” “Facilities Commission,” “Fundraising Commission” and “Communications Commission.” Membership shall be given proper training and formation for these groups to function effectively.
